## Additional farm insurance coverages

Various endorsements to your farm or ranch insurance policy can be used to customize coverage to the unique needs of your operation.

### **Disruption of farming operations**

Covers extra expenses and loss of income caused by a covered loss to a building.

### **[Identity fraud expense coverage](#)**

Reimburses you for up to \$25,000 to restore your identity.

### **Earthquake coverage**

Covers earthquake damage to a farm or ranch near a fault line.

### **Farm machinery and equipment replacement cost**

Replaces equipment up to five years old during a covered loss.

### **Peak season coverage endorsement**

Nationwide's custom farm coverage peak season endorsement provides inventory protection for those times of year, such as harvest time, when you have more product stored on your property.

### **Sewer/Sump pump backup**

Expands coverage if water backs up through your sewer or drains, or your sump pump overflows.

### **Temperature sensitive endorsement**

Protects temperature-sensitive products when there's a fluctuation in temperature control.

### **Farm property protection plus**

Increases coverage for your household contents, including gold, furs, firearms, GPS systems and more.

### **AgriChoice Elite**

Increases coverage for certain types of losses to farm equipment, buildings, livestock and products.
